INTRODUCTION

MC: Pregs Naidoo
SAIMC Vice President

The SAIMC NPC

- Promoting the Automation Industry in Africa
- Voluntary Association of the Engineering Council of South Africa
- Board Member of the Automation Federation

Vision 2023

- Project 1: Education and Training
 - Full Operational Automation Training Program
 - Bursaries
- Project 2: SAIMC growth
 - International growth (Africa)
 - Improve Technical evening presentations
- Project 3: Thought Leadership
 - Industrie 4.0 Thought Leader
 - Contribute to Automation Standards
 - Make South Africa a global player in Automation

Achievements

- MoU with various organizations
- ECSA – trained evaluators for ECSA applicants
- Evaluating training courses for CPD purposes
- Collaborating with government and others on Industrie 4.0
- On 8 Aug 2018 the Automation Federation (represented by more than 150 countries including the SAIMC for South Africa and Zambia) formed a Committee to develop an Automation discipline in line with international qualifications – Engineer, Technologist and Technician

AGENDA

Time	Session Topic	Speaker
07:00 – 08:30	Registration and Breakfast	
08:30 – 09:00	Welcome and Introduction	Annemarie van Coller: SAIMC President
09:00 – 10:00	NTIP: Solving the Needs of Industry	Dirk van Dyk: CEO NTIP
10:00 – 10:15	Morning Tea	
10:15 – 11:15	Funding the Initiative	Deloitte Consulting
